

Hatco Conveyor Toaster #TQ-1800HBA Commercial

Model: TQ-1800HBA

Serial: 4056410729

Dimensions: 18"L x 22.5"W x 17"

Voltage:208/AMP: 22/Phase:1

Toast-Qwik Conveyor Toaster, horizontal conveyor, countertop design, bun and bagel toaster, approximately 20 slices capacity/min, 3" opening height, electronic controls, color guard sensing system, cULus, UL EPH Classified, ANSI/NSF 4, Made in USA

Standard features:

- Hatco's ColorGuard sensing system assures toast uniformity
 - Optional power save mode with indicator light saves energy and money during slow periods
 - Efficient design of front or rear discharge allows Toast-Qwik to be placed where it is most convenient - for sending product to operator side or customer/server
 - BA models toast one side only and are for bagels and buns only, cut side up
 - Opening height is 2" (5 mm) and for H models is 3" (8 mm)
 - Insulation and an interior fan provide cool surface temperatures
 - Toast storage area keeps bread warm and dry
 - Permanently lubricated ball bearing motor and heating elements guaranteed against burnout and breakage for two years
- Unit has been completely gone through, cleaned and tested by our in house technicians. It is in good cosmetic and mechanical condition.
